Information and bookings:

### WHAT DO WE PLAY ?

Our repertoire includes a wide range of light and popular classics, such as Handel's Water Music, the Arrival of the Queen of Sheba, Elgar's Salut d'Amour, Scott Joplin's The Entertainer, wedding marches, tangos, waltzes, English Country Gardens, musicals etc. A full list and a tape of samples is available on request. We can play any piece of music that you want us to, at a cost for the time taken if it needs a complicated arrangement.

### ENTERTAINMENT

As well as background music we offer concerts in which the music is introduced with short anecdotes to enhance the audience's enjoyment. This could be a 45 minute after-dinner entertainment or a longer concert, with a mixture of familiar and less well-known works. Anna and Nick like to include some English music ranging from the popular Billy Mayerl to John Ireland, and Catherine likes to perform a work from her CD of neglected but lovely music by British Women Composers, which won a 'Diapason' Gold Award.

*"Many of the guests said how nice it was to have live music and of such a high standard. You helped to make a special day just that little more special."*

### WHAT DO WE PROVIDE?

If a piano is not available we can bring a good quality electronic piano with the advantage of being able to move from one room to another. We also have a white gazebo for outdoor events.

### WHO ARE WE ?

Three professional musicians, we make our living by playing as soloists, in small ensembles and in orchestras including the London Philharmonic, the orchestra for the West End show 'Phantom of the Opera' and formerly the Harrods and Claridges Palm Court Trios.

### WHERE HAVE WE PLAYED?

We have played at garden parties, charity events (raising money for schools, the Red Cross Gala, Childline, the North Herts Hospice, Save the Children, the Rotary Club and St John Ambulance), corporate events (GHM, Royal Mail, British Telecom), private birthday parties, many weddings and public concerts.

*"Thank you so much for playing at our wedding, the music was fantastic."*

*"Everyone said how much they enjoyed the lovely music and I feel sure it made the occasion even more memorable."*
