

MADISON2

Jeanne Downs and Christopher Merchant founded the highly acclaimed 7 - 10 piece party band MADISON SQUARE in 1993. Specializing uplifting chart music from the 60s, right through to the present day, it is their own blend of "funky" and exciting repertoire with "bags of street cred." that has kept the dance floors packed all night!

They pride themselves on being able to adapt and 'tailor make' to suit every type of event, venue and clientele.

Jeanne and Christopher are now proud to launch MADISON2, a duo version of the party band offering the usual party/dance sets with the added bonus of music suitable for drinks receptions and/or through dinner. Performing using fantastic backing tracks, their repertoire is extensive covering a vast mixture of genre and eras. (Please see repertoire list attached.)

MADISON2 can also provide a full DJ set with all the latest dance hits and party set. This means they can provide a whole evening's music entertainment at a hugely competitive rate using their 'state of the art' sound and lighting equipment. Retaining excellent quality and real value for money, MADISON2 is run by long-standing professionals with years of experience in the corporate, party and wedding markets.

Available immediately, you can book MADISON2 for either:
